

## **USER STORIES**

1. As someone that does not engage in meal prep, I want to expand my cooking skills so that I can be more creative with my meal choices

### *Acceptance criteria:*

- Helpful tips and recommendations included to assist user.
  - Daily recipe suggestions based on user preferences to encourage creativity in meal prep
2. As someone that does not engage in meal prep, I want access to recipes that don't involve complex ingredients/instructions so that I can be more flexible with my meal choices using just the items in my pantry.

### *Acceptance criteria:*

- Option to filter/filter out recipes which use certain ingredients/tools
  - Substitute recommendations to increase user flexibility
3. As someone less skilled in cooking, I want recipes that are easy to make so that I can learn new cooking skills

### *Acceptance criteria:*

- Difficulty level is displayed for each recipe so user can select one that fits their skillset.
  - Step by step instructions that are easy to follow
4. As someone less skilled in cooking, I want recipes that are easy to make so that I can build healthier eating habits.

### *Acceptance criteria:*

- Difficulty level displayed for each recipe
  - Filters available for categories i.e. suitable for users who are opting for healthier choices etc.
5. As a vegetarian/vegan, I want to be able to more easily access recipes that suit my lifestyle, so mealtimes aren't as boring

### *Acceptance criteria:*

- Filters available to select recipes available for users with specific dietary requirements.
6. As a busy, full-time worker, I want to have access to quick recipes so that I can make mealtimes more exciting without the added cost of taking up too much of my time.

### *Acceptance criteria:*

- Cooking times available on each recipe to suit user's needs

- Filtering of cooking time available to suit busy users
7. As a busy, full-time worker, I want a range of recipes easily accessible in one place so that I don't waste lots of time scrolling through different pages trying to find a recipe that suits my preferences.

*Acceptance criteria:*

- Layout similar to apps such as tinder/tiktok, involving quick swiping to select recipe to fit user's preferences. Fun and quick way to search for new meal ideas.
8. As a busy full-time worker, I want to have easy access to a range of recipes so that it's easier for me to decide on what to cook.

*Acceptance criteria:*

- Recipes collected and compiled from a number of databases, and presented to user in a compact, easy to use format, layout similar to apps like tinder/tiktok
9. As a busy full-time worker, I want to be able to easily meal prep and organise recipes so that I spend less time and money on grocery shopping

*Acceptance criteria:*

- Recipes include list of ingredients so easy to plan and shop for all ingredients at one time
  - Option to save recipes – allows for easy organisation and planning
10. As a parent, I want a range of healthy recipes so that I can help my children build positive eating habits.

*Acceptance criteria:*

- Option to filter recipes in terms of categories, e.g. users can choose to view only healthy recipes which are more suited to their lifestyle
11. As a parent, I want a range of yummy and nutritious recipes so that my children can enjoy mealtimes

*Acceptance criteria:*

- Large number of options available allows for creative freedom and flexibility in meal planning
12. As a junk-food lover, I want recipes that are healthier, without compromising the yummy factor, so that I can establish healthier dietary habits

*Acceptance criteria:*

- Large number of options available allows for creative freedom and flexibility in meal planning

13. As a student I want more recipes that are quick and easy to make so that I spend less money on takeout.

*Acceptance criteria:*

- Recipes contain ingredient list, allowing for easy budget control
- Recipes can also be filtered in terms of price range/complexity, similar to how uberEats filter restaurants in terms of price

14. As a student, I want recipes that are quick and easy to make so that I can be more creative in my meal prep choices without spending too much time/energy on it

*Acceptance criteria:*

- Large number of options available allows for creative freedom and flexibility in meal planning
- Time filtering available, allows for customisation of which recipes to view.

15. As a student, I want recipes that are quick and easy to make so that I can build on my cooking skills and become a more independent individual

*Acceptance criteria:*

- Tips and recommendations available with recipes to aid users with less confidence
- Easy to follow step by step instructions
